

UIDP Academy Workshop: The Future of Academic-Corporate Consortia
Agenda as of July 24, 2019 and subject to change

Wednesday, July 31, 2019	
8:30 – 8:40 a.m.	Welcome & Workshop Goals <i>Tony Boccanfuso, UIDP</i>
8:40 – 9:10 a.m.	Current State of Consortia – Survey Results <i>Christopher Ramming, VMWare & Tomas Ulrichsen, Cambridge</i> A survey was created and distributed to practitioners to garner a broader set of perspectives for this workshop. The survey results will be presented and used to catalyze discussions during the event.
9:10 – 9:50 a.m.	Creating Consortia <i>Meghan Houghton, NSF & Pramod Khargonekar, UC Irvine</i> In creating these partnerships, many questions must be considered and addressed to ensure that the appropriate level of due diligence is performed and ensuring that the pre-competitive U-I research consortia model works best for achieving the desired outcomes. Many players (companies, government, universities and others) have vested interest. We will consider what has been done and recommend approaches in the future.
9:50 – 10:05 A.M.	BREAK
10:05– 10:45 a.m.	Managing and Sustaining Consortia <i>Grace Wang, SUNY</i> Once created, there are a myriad of issues that must be addressed to manage and sustain these pre-competitive U-I research consortia. Issues include governance structure, financing, size of programs, role of students and other professionals and scope of work to be performed. This session will consider these issues as well as other relevant topics
10:45 – 11:45 a.m.	Tabletop Discussion: Consortia – Pathway Forward (30 Minute Repeat Sessions) Leveraging the experiences of workshop facilitators, participants as well as the survey results, individuals will engage in small group discussions and identify recommendations for optimizing the way that current consortia operate and future consortia can be crafted to maximize impact. Each group will be provided a specific topic for consideration. <ol style="list-style-type: none"> I. Building a Consortia Team – <i>Jay Walsh, Northwestern</i> II. Managing Scope/Research Focus – <i>Pramod Khargonekar, UC Irvine</i> III. Metrics for Evaluating Success – <i>Wade Brown, Novartis</i> IV. Role of Government – <i>Rebecca Wilson, Imperial</i> V. Sustaining Beyond Initial Funding – <i>Grace Wang, SUNY</i> VI. Operationalizing/Implementing the Consortia - <i>Meghan Houghton, NSF</i>
11:45 – 12:30	Discussion, Report outs and Conclusions The UIDP has a keen interest in evaluating current approaches to establishing, managing and maximizing impact from consortia, and we will capture findings from tabletop discussions and capture key takeaways for further examination. <i>Jay Walsh, Northwestern & Rebecca Wilson, Imperial College</i>
