SUSTAINABLE DEVELOPMENT GOALS

“If working apart, we are a force powerful enough to destabilise our planet. Surely working together, we are powerful enough to save it. In my lifetime, I've witnessed a terrible decline. In your lifetimes, you could and should witness a wonderful recovery. That desperate hope ladies and gentlemen, delegates, excellencies, is why the world is looking to you and why you are here. Thank you.”

Sir David Attenborough's speech at COP 26, October 2021

- "I know of no single formula for success, but over the years I have observed that some attributes of leadership are universal, and are often about finding ways of encouraging people to combine their efforts, their talents, their insights, their enthusiasm and their inspiration, to work together."
