Application Package

# *GRFP Application*

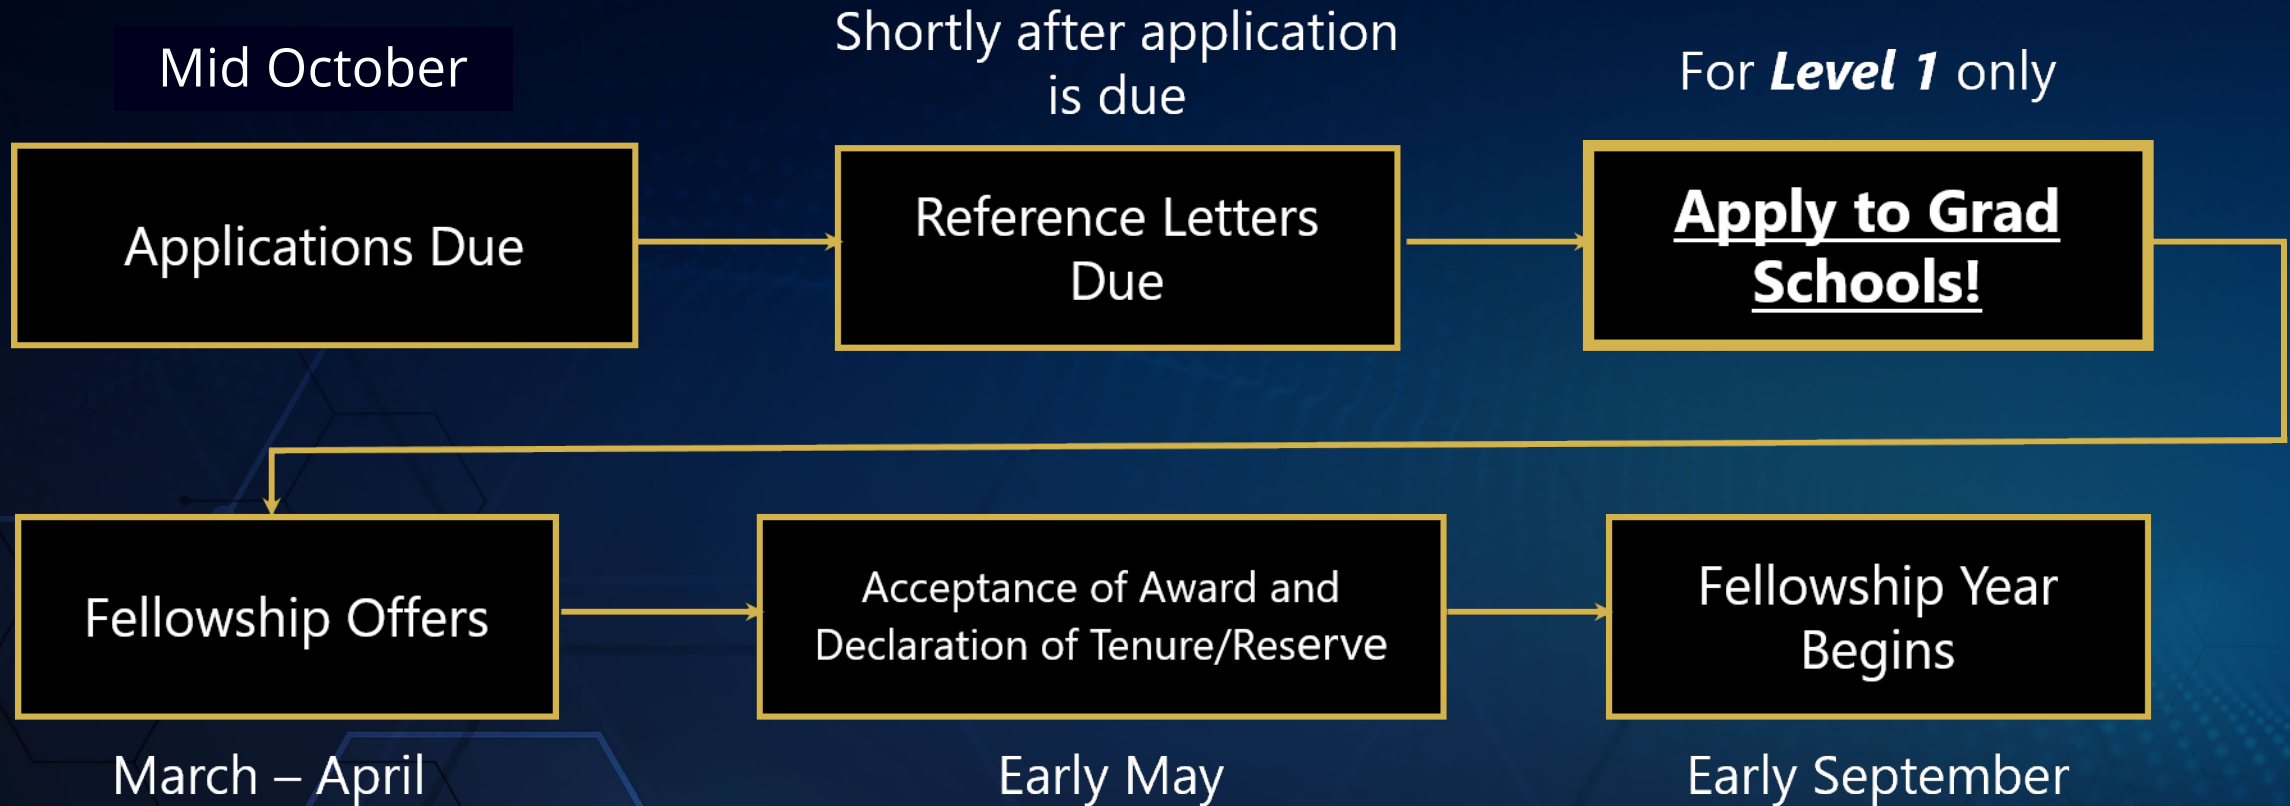

## **Complete Application Package:**

- 1) Personal Information, Education, Work/Research Experience, Proposed Major Field of Study, Honors, Awards, Publications
- 2) Personal, Relevant Background and Future Goals Statement (3-page PDF)
- 3) Graduate Research Statement (2-page PDF)
- 4) Transcripts (PDFs; mandatory)
- 5) Letters of reference (may provide up to five names of reference letter writers)
  - Mandatory: 3 reference writer names

# *Example GRFP Application Timeline*

# Graduate Research Fellowship Program (GRFP)

## Two Statements

- 1) Personal, Relevant Background & Goals
- 2) Research Statement

- Tell your story; demonstrate your potential for STEM research
- Experiences (professional and personal) that contributed to your motivation and preparation for pursuing a STEM career

### **Career aspirations and future goals**

How have your experiences shaped your goals?

### **Research, industrial, professional experience**

- What was the project, what was your role?
- How did you become involved? Where was it done?
- Why was this project worth doing? What have you learned? Any advanced course work?
- What was your contribution to the project and how did it fit into the whole?

**Describe your proposed research plan:**

- Communicate your research idea and approach
- Explain your research plan and methods
- What do you expect to learn? How will you know if the project is successful?
- What would you do next?

**Keep in mind:**

- Avoid jargon
- Communicate clearly for non-specialists
- Make your contributions clear

**Clearly address NSF's Merit Review Criteria – Intellectual Merit and Broader Impacts – under separate headings**

## Review Criteria

National Science Foundation  
Directorate for STEM Education (EDU)

## Intellectual Merit

- How important is the proposed activity to advancing knowledge within its own field or across different fields?

## Broader Impacts

- How well does the proposed activity benefit society or advance desired societal outcomes?

**Review considerations:**

- Demonstrated potential for significant achievement in STEM
- Comprehensive, holistic approach to review
- Balanced consideration to all components of the application
  - educational and research record, leadership, outreach, service activities, plans for the future, individual competencies, experiences, and other attributes
